lke's Avisers See No Need for Tax Cut

United Press Staff Cofresponden

WASHINGTON (UP)-President) Eisenhower and his thiel cabinet advisers were reported authoritulively loday to be tightly united in a bellet that economic conditions now do not warrant any in

come tax cist. Reduction of certain excise laxes and changes in the timelable for depreciation allowances are another matter. These wil lighte in an economic conference late this month at the While House between the President and congressional leaders of both par-

The attitude of the President and his top economic experts is unified as far as early income tax cuts are concerned. But ever here their stand was described na "hot frozen."

One of the President's entitletlevel advisors put it this way to the United Press:

"The economy generally has gone through the worst of what really is a slight recession and there are many indications that the decline has Airtually stopped and now is begining to level off "Now take into consideration the fact that government actions and legislation to combat the recession are just beginning to be felt. Particularly this is true in government spending, of

"Yet, the economy without ap preciable government help except tem, is beginning to right discli.

"This should make a rather strong case for going slow on tax cuts or piling up government appropulations which can't possibly come into full force until fiscal 1959 and even then might make us considerably inore; uncomfortable than we are now due to in flationary pressures."

Fiscal experts now are talking about a 3-billion dollar deficit for foresce a 1959 deficit of perhaps a faillion dollata.

HERE ARE THE KEYS to America's Prosperity ... and OUR AREA, Too!

From May 1 to 10, car dealers in T Markana, Hot Springs, El Dorado, Camden, Hope and Magnolia are making a special effort to show you the many new features of 1958 automobiles -- and they're offering many inducements to get you to buy one!

Old fashioned sales efforts like these are truly encouraging signs on the business horizon. The progressive, forward looking dealers are not content to wait for business to get better, they're DOING something to MAKE things better. For each of us, the keys to a 1958 Automobile are the keys to America's prosperity. As the auto industry goes—so goes the nation. This is true, too, for the great area in which this special event is now underway because the automotive businesses and other businesses who are connected with it represent a major section of the economy of our communities.

If you have any idea of buying a car this year--or next year--consider well what your purchase of a new car from now until May 10 can mean to your community--your neighbor--and your job too. Buying makes jobs--and buying a new car makes a lot of jobs right in your community.

Youth Foundation Meeting
A reminder of the leader laymen, and civic minded individuals of the city that an important meeting will be held tonight in the Yerder High School Audiorium at 7:30 clases We feel that you are deo'clock. We feel that you are de-finitely interested in the welfare

of our youth.

Let all of us shoulder the responsibility of furnishing our children the kind of recreational facilities they need and so richly de-

serve.
The purpose of this meeting is to elect a chairman for the committee of the Youth Foundation. Will you come out for this most orthy cause?

Junior Class To Present Play

The Junior Class of Yerger High School will present a 3-Act Comedy Mystern "Caught Napping!" Friday. May 9 in the High School auditorium at 7:30 p. m. This play consists of five men

This play consists of five menand six women. David Byron, a great detective is baffled when trying to solve a mystery in his own more. His wife's pearls have discappeared. Suspicion points to Della, a very dumb maid and then to Melissa, the Irish cook. In fact every member of the household comes in for the third degree as comes in for the third degree as comes in for the third degree as each solution goes up in smoke. Imaging how David Byron feels when he finds out that the dumb maid. Delia, is trying to solve the Mystery. There is even a greater surprise in store for you when the play reaches an almost inconcely. ple climax. Every character is a good one.

There will be plenty of excited ment and laughs while you wait to find out who was 'Gaught Napping' Admission: Elementary students 15c; High School stu-dents 25c; Adults, 35c,
